Our Story

Danny Boy's Italian Eatery located in the heart of Rocky River was established in 1991. We set out to create a little neighborhood joint with fantastic food, a cozy nostalgic atmosphere, and plenty of swinging music. Our goal is to present every dish as a work of art and to get to know every person coming through the door.

After all these years we are still striving for perfection. We are committed to serving thoughtfully presented food with the highest quality, along with outstanding service that separates us from the norm and keeps you coming back for more!

With Frank & the Boys always along for the ride there have been numerous Best Pizza Awards and other accolades over the years. All of this would not be possible without a caring, hard-working, and dedicated staff that have taken "Food, Frank & Fun" to heart. We thank them all and we thank you for your continued loyalty and support. We look forward to the next 20 years!
